OVERVIEW

This unique floor lamp collection utilises a slim framework to offer a floor lamp option that provides optimum illumination in a subtle way. The branch like structure twists into a spiral shape which widens on ascent creating a sculptural object for a room setting with a minimalistic style. This modern helical concept was the sole inspiration for the range name Helix. Each floor lamp generates 3360lm's in 3000K which can be controlled by the inline foot dimmer. Available in three colour finishes; white/chrome, silver/chrome and antique brass with an impressive 3 year warranty, Helix is an ideal portable LED solution.
